EDUCATIONAL PROGRAM

WORKSHOPS

On the final day of the event, ISF organized educational workshops that left a lasting impact. The workshops covered two crucial topics: Safeguarding and Antidoping.

Participants engaged in insightful discussions, learning valuable lessons to ensure the safety and well-being of all athletes.

The Safeguarding workshop emphasized the importance of creating a safe and respectful environment within sports, promoting fairness and equality for everyone involved. On the other hand, the Antidoping workshop provided essential knowledge to maintain clean and drug-free competitions, upholding the integrity of the games.

Through these enriching workshops, ISF reaffirmed its commitment to fostering a positive and ethical sporting culture, empowering young athletes to become responsible ambassadors of fair play and sportsmanship.

EDUCATIONAL PROGRAM

FIFA Workshop

The ISF World Schools Football Championship recently concluded in Rabat, Morocco, presenting a new opportunity for the ISF Academy and FIFA's Football for Schools programme to partner together.

During the event, a co-organised capacity building programme for participating Physical Education Teachers and Football coaches. The main objective was to provide innovative teaching tools and exercises to better engage young people in football and to develop life skills through football.

In total 80 PE Teachers from across the Kingdom of Morocco, and 70 coaches from 30 countries took part in this initiative on 27 July at the National Sports Centre Moulay Rachid. The mobilisation of the teachers was made possible thanks to the support of the Royal Moroccan School Sport Federation and the Ministry of Education, Preschool and Sports, of the Kingdom of Morocco.

Following the successful event in Rabat, a second event will be organised at the 2024 tournament in Dalian, China PR, with more educational and training programmes on offer.
